WORKSHEET-4
SUBJECT: ICT
CLASS: VIII
CHAPTER: 8**

LAB WORK

Create a database of 10 patients in a hospital including the following fields:
Name, Patient ID, Room no, Contact, Corona Positive (“yes” or “no”).

Name	Patient ID	Room no	Contact	Corona Positive
A	101010	2002	017*****	No

Note: To create this database follow my class lectures. Again you can watch videos on youtube about creating table.
